

High-Precision Tracking Solution

Key Features

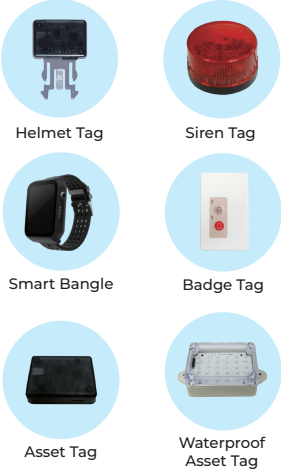

- ✓ **Centimeter-Level Accuracy**
Achieves ultra-precise location tracking with UWB technology.
- ✓ **Real-Time High-Speed**
Delivers instant updates for dynamic movement tracking.
- ✓ **Scalable Multi-Zone Deployment**
Supports complex environments with seamless expansion.
- ✓ **Low Interference & High Reliability**
Operates on dedicated frequency bands, ensuring stable performance.
- ✓ **Seamless System Integration**
Easily connects with IoT platforms, APIs, and third-party applications.

Application Fields

Featured Product

UWB Tag

UWB Gateway

Management Platform

- ✓ **Electronic Check-In**
- ✓ **Geofencing & Security**
- ✓ **Historical Data & Reporting**
- ✓ **System & Access Management**
- ✓ **Remote Wireless Updates**
